COURSE OVERVIEW:

What we see and experience is a present-day reality. Fear, anger, sorrow, disappointment, disillusionment, regret, shame, confusion... The list goes on. Circumstances and emotions cannot define biblical truth or the right responses. The Grid of Truth course teaches students to biblically process emotions, thoughts, circumstances, and decisions, helping them move toward healing, forgiveness, freedom, and joy. The course trains students to address social issues with a biblical worldview in the fallen world we navigate daily.

COURSE OBJECTIVES:

- To equip students with fundamental study and application tools of Scripture to areas of personal struggle and societal issues.
- To expose students to the exegetical process of studying God's Word.
- To foster a desire to study God's Word deeply and apply it accurately.
- To maximize exposure to accurate study and application of God's Word to modern-day challenges, providing the necessary tools to develop a Scripturally accurate biblical worldview.

REQUIRED STUDENT RESOURCES:

All students are required to have access to the Internet and Zoom account with video and audio capabilities for online classes.
